**TURNER
HASTINGS**
EUROPEAN DESIGN

About Us

For over fifteen years we've supplied superbly crafted European sanitary ware, sinks and tapware to the Australian kitchen and bathroom market.

The quality of our European products reflects the pride we take in the sourcing and selection of our collections.

Turner Hastings has become the leading supplier of European ceramics, through an uncompromising dedication to the very best in design, quality, selection and service. Whether you prefer a traditional, classic or contemporary design, we have your style.

Every Turner Hastings product - from smallest chrome fitting to the most elaborate ceramic sink - is designed and manufactured to create unique, inviting and luxurious living spaces that stand the test of time. Our exclusive offerings allow you to design a home that is a true reflection of appreciation for unparalleled quality and artistry.

European Design

Our collections are for those who truly recognise European design, quality and individuality when they see it.

The kind of hand-crafted perfection that no mere machine alone can truly replicate.

From our hand-crafted butler sinks, made the traditional way, to the reassuring strength and weight of our ceramic that's manufactured from fine fireclay to last a lifetime or longer.

As for the way our kitchens look, well, we are delighted to say that they speak for themselves.

Novi 84 x 46 Double Ribbed Front

The Turner Hastings Difference

European Made

Only the best, our fine fireclay sinks are manufactured in leading fireclay workshops and artisan studios throughout Europe. We hand select our collections featuring exquisite styles and designs to bring home to you.

30 Year Warranty

For a peace of mind Turner Hastings offer a full 30-year warranty on the fine fireclay sinks from date of purchase. Rest assured the warranty covers the most common production and material defects.

Handcrafted Excellence

Turner Hastings fine fireclay sinks are handcrafted to handle the knocks, drops and messes that come with day-to-day life. They blend seamlessly with any kitchen or laundry style: heritage, contemporary or classic.

Fine Fireclay Sinks

Fine Fireclay

Turner Hastings sinks manufactured with fine fireclay, a 100% natural organic and recyclable material used by craftsman. Fired with temperatures that reach thousands of degrees -2000*until the clay transforms into a durable, resistance dense material.

The special glaze coating that is fused with the fireclay body during firing gives fireclay sinks a nonporous, uniform surface which will not scratch, rust or stain over time.

Heat proof

Extreme heat from pots and pans

Food safe

Safe for food and safe for you

Stain Resistant

Food, drink & common stain

Impact-Resistant

Durable material, resistant to impact

Hygienic

Easy to clean

Our Sinks

The kitchen is the focal point of all homes.

A friendly functional place where conversation flows easily, and laughter comes quickly. Food, drink and entertainment are always made around the kitchen.

When you are ready to transform your favourite space with stunning European design elements, Turner Hastings' collections offer a range of designs to suit your taste. Make your kitchen a reflection of who you are, and what you value. A comfortable place that is not just in your home but is truly the heart of your home.

Our Sinks

More than any other kitchen fixture, your sink is the heart and soul of the kitchen environment. It's perhaps the most used object in your kitchen.

Cuisine Inset / Undermount Collection

The Cuisine range is perfect for the modern kitchen. This intelligent design can be installed either inset or undermount. Match any two square-shaped sinks in the range and place them side by side for a bowl-and-a-half or double-bowl design.

Made in Europe, the high-quality fireclay and glazing is extremely durable. These white-gloss glazed sinks finish a kitchen or similar application in a luxurious style. Purchase with a perfectly fitting stainless-steel sink grid to protect the base.

French Provincial Tapware Collection

Perfectly designed and manufactured in Italy, you can't go past Heritage French provincial style tapware with white handles to match our complete range of Fine Fireclay sinks. Rotate handles forward and down to operate, they do not rotate backwards so your splashback will not interfere with the operation.

They feature a rotating spout for ease of use, and proudly carry a 15-year warranty. Basket wastes available in the accessories section to match the taps.

Warranty Periods

Turner Hastings ensures that all of its products are made using the highest quality materials and workmanship. Should you find a fault with either the materials or the workmanship within their warranty period noted below, Turner Hastings will, at its discretion, repair or supply a replacement for the faulty product or component.

French Provincial Tapware Collection
- **15 Years**

Fine Fireclay Sinks - **30 Years**

Care Information

FINE FIRECLAY SINKS

Use a mild household detergent or warm soapy water and clean with a soft cloth. The surface can be susceptible to damage from sharp or metallic objects such as metal cutlery. Try to avoid metal objects coming in contact with the surface by using protective drainers and cutlery holders. Please do not over-tighten any fittings as this may cause the surface of your ceramic sink to crack.

TAPWARE & ACCESSORIES

Use a mild household detergent or warm soapy water and clean with a soft cloth. It is important that no abrasive cleaners are used, as these will remove the surface gloss of the product.

Warranty Details

- 1 year parts and labour. Any claim made after this period is for parts only
- 1 year warranty applies to commercial installations
- All water pipes must be flushed prior to connecting tapware to the supply
- Maximum water pressure cannot exceed 500Kpa - AS/NZS 3500.1.-2003 (Clause 3.3.4) specifies 500kPa maximum water supply pressure at any outlet within a building for new installations
- 1 year warranty applies to all electroplated or sprayed finishes other than chrome on any brass or stainless steel tapware, accessories, waste outlets and bottle traps. Electroplated finishes on wastes are excluded from the warranty.
- 1 year warranty applies to washers, "O" rings, lip and other seals, shower hoses and all pull out sink mixer hoses and handsets.
- Product must be inspected before installation! If a product has any unacceptable marks or has been damaged, DO NOT install it. Should faulty or damaged products be installed, Turner Hastings will not accept any obligation to provide labour for removal or replacement of the product.
- Turner Hastings Product Warranty will only apply where the product has been installed by a qualified tradesman and in full accordance with installation instructions. This warranty does not cover damage by improper installation, accident, misuse, abuse, negligence, excessive wear and tear, improper care and maintenance, water and natural causes such as sunlight, humidity and other environmental conditions.
- Replacement products and parts must be delivered to the original store of purchase for WHS compliance.
- Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a

replacement or refund for a major failure and for compensation for any other reasonable foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

- To make a claim, please complete a Service Request Form with the distributor from whom you purchased the item.

FINE FIRECLAY SINKS

Fireclay is a natural product and therefore subject to variations. This should be seen as a quality that adds to its natural beauty. Variations +/- 2% to the specifications are common and acceptable. Never cut out or construct your bench top or kitchen cabinetry without having the sink onsite with you for measurements. If cabinetry or bench tops have been cut without the sink being measured, and the sink does not fit, Turner Hastings will not cover any costs of replacing or modifying any cabinetry or bench tops.

- Most are designed with little gradation and standing water is common. Standing water is not a reason for return.
- Do not over-tighten the waste as this can cause the sink to develop stress fractures over time.
- Your new fireclay sink may have a small crack or chip in an unglazed position such as the underside (in a place not seen after install). Small cracks and chips is not a manufacturing fault or defect, and in fact is common in ceramic, fine fireclay and other natural clay fired products. The cracks or chips is what is called a "firing crack", and it happens when the clay is baked in the oven during manufacturing, and is part of the heating and cooling process. The crack or chip is simply aesthetic only, and will not affect the installation, structure, or usability of the sink. The crack or chip will not grow over time either. This product still carries the full 6 year warranty Turner Hastings provides on fireclay sinks.
